

The Benefits of the Terme di Saturnia Water

The experience of Terme di Saturnia takes shape in a path of an authentic and in-depth regeneration programme for health and beauty:

- The treatment of various skin conditions
- A natural exfoliating, peeling effect and deep antiseptic cleansing action
- A vasodilatory effect on the cardiovascular and respiratory system, reducing the arterial pressure
- A protective, antioxidizing/antiageing and cleansing effect on the liver
- Reduces tension in the cardiovascular and respiratory systems
- Boosts respiration and increases pulmonary ventilation
